JONATHAN MARTINEZ

WEB DEVELOPER

SKILLS

- Proficient in technologies such as: Html, Bootstrap, CSS, SCSS, jQuery, JavaScript, NodeJS, ReactJS, Recoil, Redux, Redux Thunk and TypeScript
- Skilled in Microsoft Office software such as: PowerPoint, Word, Excel, and Outlook
- Experienced using Github
- Highly adaptable, learns quickly, and diligent with experience meeting deadlines
- Clear and concise verbal and written communication skills

EXPERIENCE

Personal Projects
MyCircle Social Media App- https://github.com/Jmartimus/SocialMediaApp
Collaborated with a back end developer to build a social media app. I was responsible for building the front end using React, TypeScript, SCSS, and Recoil. The project makes good use of type safety, state management, an orderly component hierarchy, and well-organized file system. The application interacts with a RESTful nestJS back end.

PROFESSIONAL EXPERIENCE

Classical Center at Brandenburg Middle School, Assistant Band Director
7/01/2019–current
- Managed a variety of tasks such as: tracking inventory, Instrument maintenance, keeping music library, and managing our private lessons teachers and students
- Taught more than a hundred students weekly
- Accurate record-keeping and handling other logistical needs
- Communicated regularly with others through e-mail and phone calls

Longview High School, Assistant Band Director
7/16/2018–6/30/2019

Logansport High School, Head Band Director

- Member of Phi Kappa Phi, an academic honors society

Louisiana Tech University
08/01/2007 – 11/10/2011
Bachelor's in Music Education
- 3.4 GPA

OBJECTIVE

I am a highly-motivated, self-starting individual working as a web developer with a background in education and the arts. As a band director, I worked on a collaborative team that worked toward a common goal daily. I hope to find a team like this to work alongside as a developer where I can grow and contribute. I am passionate about learning and education and wish to carry that passion with me as I continue to improve my skillset. I also hope to make a positive and impactful difference in the world through my work in the field of web development.
